RANDOM REFERENCES

Good watches 1/2 Price. 278 26th.
The seats for the new Alhambra
theatre have arrived and are being
stored in the building, pending the
completion of the interior. They are
of the latest pattern of opera chairs,
made of steel and with leather uphol-
stering. It is thought that the in-
terior of the theatre will be com-
pleted in about six weeks' time.
Plenty of Colorado Anthracite Coal.
John Farr, Phone 27.

S. J. Griffin of 462 Twenty-third
street reported the theft of his bicycle
to the police yesterday.

COAL—All kinds. M. L. Jones Coal
and Ice Co., office 413 24th St.
Mrs. A. M. Rice departed yesterday
for the Pacific Limited, for St. Joseph,
Mo.

Dr. Eugene Marsteller, Dentist—
Specialist in crown and bridge work.
406-407 408 Colonel Hudson Building—

Dr. Epperson is in his office.

Fifty-three men applied for lodging
last night at the city jail. This
breaks the record and none were
turned away.

Dr. C. F. Osgood, physician and
surgeon, and Dr. Franklin C. Osgood,
Dentist, have removed their offices
to Suites 821 and 822 Eccles Bldg.

Schools Reopen—The schools of the
city have reopened with a gratifyingly
large attendance. Assemblies were
held at the high school and Weber
academy and from the spirit manifest-
ed, the students seem to have a de-
sire to press forward with renewed
zeal in all of the school activities.

At Mosiah Hall, state high school
spectator, visited the high school and
junior high schools during yesterday.

Old mats for sale again at the
Standard—25c per 100; first come,
first served.

War Relief Society—The European
War Relief society will meet tonight
at the city hall to complete the busi-
ness for which it was organized. The
call for the meeting was sent out by
Mrs. John Culley, president of the
society.

Dr. Mark Brown has opened his of-
fice in the Eccles building.

Black Divorce—In the divorce case
of Cora I. Black against James Black,
the default of the defendant has been
entered in the district court.

Quality is the first consideration in
the manufacture of B. & G. Clover
Leaf Butter.

County Education—The county
board of education has reorganized
by re-electing Frank W. Stratford of
Wilson as president, John Halls of
Huntsville, vice president, re-elect-
ing L. H. Froerer as clerk and nam-
ing Norman F. Bingham as treasur-
er.

HEAR CHARLES RILEY McCAL-
LEY at the Congregational Church to-
night at 8:15. He believes in mak-
ing people forget their cares and is a
real entertainer. He will give read-
ings from Riley and others; will give
impersonations, and imitations; and
violin solos. Adults, 50c; students,
25c.

Will remove to Eccles
Building.

First-class house, regular dinner
served every day. Short orders
served any time; \$5 a table, good
for 21 meals.

Open day and night.

FIVE HUNDRED MEN ARE TO BE
EMPLOYED BY UNION PACIFIC

Surveying of Double Track Out of Ogden Is Nearly Com-
pleted and Construction Work Is Soon to Start—Con-
tract Sublet to Utah Company—Some Heavy Work
Between Ogden and Weber Canyon.

The special crew of civil engineers
from the Omaha headquarters of the
Union Pacific, that has been staking
off the line for the five miles of track
that is to be laid between East Og-
den and Gateway, parallel to the pre-
sent line of that railroad, expects to
complete its work within a few days.
As soon as possible, after the stakes
are set, grading will begin.

The new double track will be laid
60 feet above the present track, with
the grade beginning right at what is
known as East Ogden, instead of at
the foot of the Uintah hill. This will
make a gradual grade, 1 per cent
less in steepness than the old line.
The work will be exceptionally heavy
and is expected to occupy the time
of nearly five hundred men, until the
end of June. When it is completed, it
will give the Union Pacific over 500
miles of double track, out of the 1000
miles, between Omaha and Ogden.

Contracts for the work in its en-
tirety have been let to the Pihlan-
Shirley company of Omaha, and this
company has sublet the grading to the
Christensen Construction com-
pany of Salt Lake City.

QUICK RELIEF
FOR DYSPEPTICS

"The worst and most confirmed dys-
pepsia, those who for years have been
unable to eat without discomfort or in-
tense pain can quickly overcome the
trouble and enjoy the pleasure of eating
a hearty meal of the good things they
have been denied for years, if they will
only use a little common sense."

"I am an eminent specialist who
recently returned from a six years' stay
in Europe. In explanation he said: 'The
great majority of all cases of stomach
trouble—dyspepsia, indigestion, gastritis,
etc., are primarily due to excessive acid
secretion of the stomach. Tonics, opiates,
or artificial digestants which merely
cover up the trouble or temporarily assist
digestion are as useless and foolish as it
would be to mend a punctured tire with-
out removing the nail that caused the
trouble. What must be done—and it's
the only logical thing to do—is to neu-
tralize the acid and stop the fermentation
which has for years been irritating and
disturbing the stomach. For this purpose
I have found nothing quite so good or
convenient as taking a teaspoonful
of ordinary saturated magnesia im-
mediately after meals or whenever pain
is felt. No matter how severe the case
may be, this should be tried for per-
sonally know of many cases where pa-
tients after suffering for over 20 years,
attending hospitals and even undergoing
such serious operations as that for ap-
pendicitis, have obtained quick and per-
manent relief by following this simple
common-sense advice. I may add that I
understand from inquiries I have made
that most druggists in this country are
now able to supply saturated magnesia in
5 grain tablets as well as the ordinary
powder form. Two or three of these
tablets are usually sufficient to give in-
stant relief even in the most severe at-
tacks of acute indigestion.'—Advertisement.

POULTRY MEN TO GO
BEFORE THE NEXT
LEGISLATURE

As a result of the recent poultry
show held in Ogden and discussions
as to the importance of the industry
to the people of the state, a prominent
local poultry fancier stated today that
the needs of the people with regard
to this branch of productive farm life
was to be brought before the state
legislature at its coming session.

"Every country woman," he said,
"depends for her pin money upon her
flock of chickens and, aside from that
there is no more important branch of
livestock raising than that of poultry."

The poultrymen, therefore, in-
tend to request the appointment by
the legislature of a state poultry in-
spector and also for the setting aside
of funds for the holding of an an-
nual state poultry show at some point
in the state, at which cash prizes
could be offered and the poultry in-
dustry thereby given the support so
heartily provided by the state for
other industries no more important
than that of poultry culture."

He also referred, not in a way of
criticism, however, to the funds that
are expended annually for the protec-
tion of wild game, not only in Utah,
but in other states, and said that, in
his opinion of himself and other poul-
trymen, the state should at least take
a parallel interest in the protection of
domestic fowls.

At the instance and request of the
plaintiff, the case of the California
Arizona Construction company against
G. A. Heman et al was dismissed
in the district court today. The at-
torney for the plaintiff company
stated that a settlement had been
reached out of court.

The suit was instituted to recover
about \$2000 alleged to be due for as-
phalt which was used by Mr. Heman
when he paved Twenty-fifth street.

By stipulation the damage suit of
Myrtle Spaulding against Ogden city
was today settled for \$2150. The case
will be stricken from the district
court calendar.

FEDERAL LEAGUE
FILES A SUIT

Advertisement.

Chicago, Jan. 5.—Charging that the
national commission, the governing
board of organized baseball, its rules
and the national agreement under
which its members work, are a viola-
tion of the anti-trust statutes, the
federal league filed suit here today
asking that the commission be de-
clared illegal and its members enjoined
from continuing in the alleged un-
lawful combination.

The suit was filed in the name of
the Federal league of Professional
Baseball clubs against the National
league and its eight clubs, the Ameri-
can league and its eight clubs, Aug-
ust Herrmann, B. B. Johnson and
John K. Tener, members of the na-
tional commission.

Ten Thousand Players Involved.
The printed complaint informs the
court that "there are now in the
United States about 10,000 profession-
al ball players, all of whom, with the
exception of about 300 under contract
to the Federal league, are under the
domination and control of the National
agreement and the rules and regu-
lations of the National commission."

The right of reservation claimed un-
der the provisions of the National
agreement is set forth, together with
the statement that a player under the
National agreement always continues
to be subject to the demands of the
club subscribing to that agreement.
National Agreement Illegal Combine.
The national agreement for the gov-
ernment of professional baseball
which was entered into between the

National and American leagues, and
the National association in 1903, the
complainant declares, was not for the
perpetuation of baseball as the na-
tional pastime, the protection of prop-
erty rights without sacrificing the
spirit of competition, and the promo-
tion of the welfare of ball players, as
declared in the agreement, but was
for the perpetuation of professional
baseball in the hands of the contract-
ing parties, that those within the com-
bination might be safeguarded against
any professional baseball competition.
The petition further asserts that
the purpose of the national agreement
was that it "might so dominate and
control players that the engagement
of their services by any person or
club outside the combination would
be difficult if not impossible."

The court is asked to restrain the
defendants from seeking by injunc-
tion, by threats, bonuses or otherwise
to prevent the players: Fischer, Ko-
netchy, Caldwell, Ferritt, Wingo,
O'Connor, Benditt, Austin, Allen,
Berghammer, Bender, Plank and Mar-
quard from performing their several
contracts with the constituent mem-
bers of the plaintiff.

The suit has attracted wide atten-
tion. It was in this case that the
supreme court decided labor unions
were subject to the Sherman anti-
trust law.

The bill of complaint asserts that
more than \$25,000 was received by
the national commission from the
last world's series games and that
this, with other money accumulated
by the commission, has been and is
being used with surpluses of the Na-
tional league and the American league
"for the purpose of undertaking to
oppress and injure or destroy" the
Federal league and its members.

Formal declaration of the forma-
tion of a conspiracy to injure or
destroy the Federal league is alleged
against the defendants.

Hearing on the bill was set by
Judge Landis for January 20.
President Thomas of the Chicago
Nationals said concerning the suit:

"The purpose of the Federal league is
either to ruin the game or force them-
selves into the ranks of organized
baseball."

INVESTORS ARE
AGAINST BILL

Washington, Jan. 5.—Americans
with investments in the Philippines
appeared today before the senate com-
mittee working on the administration
bill for a greater measure of self-
government for the Philippines, op-
posed any declaration of a specific
time when complete independence
would be granted. Martin Egan, in-
terested in the Manila Times, believed
the United States should retain con-
trol for the present of many impor-
tant governmental functions in the is-
lands, but that the Filipinos could be
trusted to deal wisely with many of
their internal affairs now brought to
congress. He believed the United
States should control immigration to
the islands to maintain exclusion of
Chinese. Japanese were unlikely to
go to the islands in any numbers. If
the United States treated the Jap-
anese with understanding and fair-
ness, he said, he could see no reason
for a conflict between the two coun-
tries. The agreement limiting immi-
gration to the United States or the
Philippines had been scrupulously ob-
served by Japan, he said.

George H. Fairchild, representing
sugar interests, believed the Fili-

pinos should be allowed to exercise
their own preferences on the immi-
gration question. Immediate with-
drawal of the United States from the
islands would be calamitous he
thought.
